

Billy Leach, Jr. Memorial Training Grant

Turtle Plastics offers several \$250.00 stipends to assist volunteer fire fighting personnel in good standing with their department to attend various training events throughout the United States. With the ever-increasing cost of travel and reduction in fire department budgets, we hope funds from the Billy Leach, Jr. Memorial Training Grant program will assist you in attending training of your choice.

To apply please include your name, department, chief or designee's signature and a brief reason for your request. All applications will be reviewed, and stipends granted on an as needed basis as funding is available.

TRAINING PROGRAM REQUIRED

- FDIC
- Firehouse World
- Training School/Institute: (Please specify): _____
- Other (Please specify): _____
