TRAINING PROGRAM

Did you know that we offer product training? Turtle Plastics® has worked with rescue trainers to develop practical, first responder cribbing and kits that are portable and combine stabilization components for auto extrication maneuvers. Our Dura Crib® brand products are “Rescue Ready” and fit most engine compartments. We have dozens of products to choose from or we have preconfigured kits with our most popular products.

To thank you for your interest in our products, we would like to extend a complimentary lunch and learn training program on our products for departments who can register 15 or more firefighters for a class.

Please call Dennis Hildebrandt at 1-800-756-6635 extension 205 to schedule your training.
