OUR MISSION

For over 40 years, Turtle Plastics has been manufacturing safety stabilization products and matting. All our products are made in the USA. Our mission is to help organizations protect the health and safety of its workforce while increasing sustainability, as well as reducing negative environmental impact by creating meaningful products from 100% recycled plastic. Please check with your authorized distributor of our products for more great products. Please note product part numbers shown on this line card may vary depending on your distributor.

HYBRID CRIB®
Mfg. Part #: 44PL-18

- Dimensions: 18"x4"x4"
- A versatile light duty plastic cribbing block designed with two working faces, either pyramid sides or "Lincoln Log" for rapid stacking of smaller to mid-sized surface areas such as cars and small equipment.
- Available as a kit with 18 cribs (Mfg. Part #: CT44PL-18).
- Working Load: 20,500kg/45,194lbs

A Safer and Cleaner Alternative to Wood.

Why put dirty wood back onto your apparatus?

All Turtle Plastics' products are ergonomically designed, washable, can be decontaminated and are made in the USA from quality recycled plastic that is odor free. All Dura Crib® interlocking blocks, chocks and pads are load rated. Year over year reliable and repeatable performance of the products makes them the environmental, health and safety choice over wood cribbing.

SC-1 STANDARD STEP CHOCK
Mfg. Part #: SC-1

Dimensions: Base-24 1/2"x 5 3/4",
W-3 3/4"x H-10 3/4"

- The fastest way to stabilize a vehicle to ensure stability.
- Working Load: 2,600kg/5,732lbs
